## Product's overview

The base of SLITONE is made out of a very thick PVC (1) which favors its sliding on the snow. It is a very funny article because of its sled shape (2). In addition to having an attractive design it is comfortable and above all SAFE. Laterally it has a pocket for objects (3) on the front two rings in stainless steel where two carabineers are attached (4) will allow the hooking of a fabric rope for one greater stability during use. The interior is stuffed with polystyrene beads.
